that had just occurred.

Navos is a secure Mental Health facility.

Upon my arrival, I talked to Navos staff and the victim, [REDACTED].

This incident occurred on the 3rd floor of the facility, which is a secure floor for patients.

The staff, bystanders and [REDACTED] report that [REDACTED] was walking in the hallway, when [REDACTED] walked past her. As [REDACTED] walked past [REDACTED], [REDACTED] used his fist to hit [REDACTED] in the mouth. [REDACTED] received about a one inch long laceration on the interior of her upper lip when being hit.

The attack was completely unexpected and unprovoked according to the staff, witnesses and [REDACTED].

After being hit, [REDACTED] got away from [REDACTED]. [REDACTED] cooperated with the staff who medicated him with a sedative. He was put in a seclusion room by the staff who then called 911.

Both [REDACTED] and [REDACTED] are patients at the facility. They do not know each other.

[REDACTED] is at the facility under a court order for Involuntary Mental Health Treatment. I did not have any details on the court order. It was my understanding that [REDACTED] had come to Navos from Harbor View Medical Center.

SFD responded to the scene and provided [REDACTED] with medical attention. It was believed that the cut on her inner lip would require a stitch or two.

I took photos of [REDACTED] injury. I later submitted the photos in DEMS.

[REDACTED] was transported to the hospital by AMR.

I talked to the staff to see what they thought the best course of action for [REDACTED] was going to be. They felt that booking [REDACTED] into jail for the assault was in the best interest of the safety of the other patients and staff.

There is a significant difference in size between [REDACTED] and [REDACTED], with [REDACTED] being about 5'05" in height /155 pounds and [REDACTED] being 6'02" in height/ 260 pounds.

I screened the incident and arrest with Unit 2F, Sgt. Larkin.

My first contact with [REDACTED] was him sleeping in a seclusion room on the 3rd floor of the facility. The staff woke him up and he cooperated by getting onto an AMR gurney. He was placed in four-point soft restraints without incident.

[REDACTED] appeared lethargic, presumably from his previous sedation by the staff.

I asked [REDACTED] if he had any recollection of what had occurred earlier, he said that he did not. I read him Miranda from my SPD MIR card, he did not respond, presumably due to the sedation.

I completed a Superform for SMC 12A.06.010 Assault (MHC). I stated in the Superform an objection to release based on [REDACTED]'s court order for mental health treatment and him being homeless.

[REDACTED] was transported to KCJ by AMR.

I gave staff the case number on an SPD business card.]

I hereby declare (certify) under penalty of perjury under the laws of the State of Washington that this report is true and correct to the best of my knowledge and belief (RCW 9A.72.085)
